

Honolulu Friends Meeting Israel-Gaza Minute

Quakers believe that we should love all our neighbors, with no exception, and that war is never the answer to disputes.

The Honolulu Friends Meeting (congregation) of the Quakers supports an immediate and permanent ceasefire and armistice in the Israel-Gaza war.

We condemn the atrocities of October 7, 2023 against Israel, and the atrocities since then against Gaza. We likewise condemn all acts of antisemitism and anti-Palestinianism. We call for a treaty of peace between Israel and Palestine, or the founding of a single Israel-Palestine nation.
